STUDY TOUR

Berlin, 26 – 30 November 2018

The purpose of the study tour is training and familiarization with the experience of Germany in the implementation of training programs on the topic climate and energy in kindergartens and schools. After the study tour, the NTEF and NCIQPS project teams will prepare programs to improve the qualification of teachers from kindergartens and schools in Bulgaria on this topic. The program will be institutionalized in the NCIQPS and will be available in the long term.

Participants in the training:

- The host of the training is UfU - a partner in the project;
- From the National Trust EcoFund - two representatives from the Fund team and seven project-based university lecturers in different disciplines who will prepare the future programs;
- From the National Center for the Improvement of the Qualifications of the Pedagogical Specialists - the Center's Director and one Expert.

Daily schedule:
